ATTENDANCE MANAGEMENT SYSTEM

ABSTRACT

Student attendance management system deals with the maintenance of the student's attendance details. It generates the attendance of the student on basis of presence in class. It is maintained on the daily basis of their attendance. The staffs will be provided with the separate username & password to make the student's status. The staffs handling the particular subjects responsible to make the attendance for all students. Only if the student present on that particular period, then the attendance will be calculated. The students attendance reports based on weekly and consolidate will be generated.
